## ON THE PROWL

A ceramic menagerie of beautiful creatures  
Claudia Rankin's ceramics are modern collectors' items, featuring richly hued glazes inspired by Chinese and Japanese porcelain, their surfaces decorated with fantastical beasts that seem to possess a life of their own. A new solo exhibition in the heart of Edinburgh offers the rare opportunity to marvel at the untrammelled creativity of this British maker. CG *'Ornament by Claudia Rankin'* is at the Scottish Gallery ([www.scottish-gallery.co.uk](http://www.scottish-gallery.co.uk)) from 4 to 28 October.
